► About Us

Delivering Reliable Construction and Industrial Solutions

Your Trusted Partner in Construction and Industrial Services

Delivering Reliable Construction and Industrial Solutions Starlink is a trusted partner for construction, industrial services, and project support across diverse sectors. We specialize in delivering high-quality construction works, steel structure fabrication, equipment supply, and comprehensive industrial services tailored to meet the evolving needs of our clients.

With a commitment to excellence, safety, and operational efficiency, we provide dependable solutions that strengthen project performance and ensure long-term value. Our team combines technical expertise with a customer-focused approach, enabling us to support projects of any scale with precision and reliability.

► **Our Services**

Building the Future with reliable Industrial Solutions

We provide a range of services across the construction and industrial sectors, including construction works, steel fabrication, industrial gas supply, equipment supply, manpower support, scaffolding services, and electrical panel fabrication, delivering reliable solutions for diverse project needs.

» **General Construction Work**

Execution of civil, structural, and general construction activities with a strong focus on quality, safety, and timely delivery.

Temporary Facilities & Maintenance «

End-to-end setup, operation, and maintenance of temporary site facilities to ensure smooth and efficient project execution.

»Industrial Gas Supply

Reliable and timely supply of high-quality industrial gases for construction, fabrication, and maintenance operations.

Welding Consumables & Accessories Supply «

Comprehensive supply of welding electrodes, wires, flux, consumables, and related accessories to support all industrial welding needs.

»» Manpower Supply

Provision of skilled, semi-skilled, and general workforce to meet diverse project requirements across industrial and construction sectors.

Steel Structure Fabrication & Erection ««

Design, fabrication, and installation of high-precision steel structures for industrial, commercial, and infrastructure projects.

»» Construction Material Import & Supply

Sourcing and delivering high-quality construction materials from trusted global suppliers to meet diverse project specifications.

Heavy & Light Equipment Supply ««

Provision of a wide range of heavy and light machinery, ensuring reliable equipment support for construction, maintenance, and industrial operations.

» Scaffolding Supply & Rental

Safe, durable, and certified scaffolding systems available for supply and rental, supporting all types of construction and maintenance activities.

Electrical Panel Fabrication & Supply «

Custom-built electrical panels designed, assembled, and tested to meet industrial standards and project-specific requirements.
